

Bush Games

This team building activity is fun and outcomes based and encompasses a number of adventure activities. Bush Games test team work and problem solving skills. Teams compete against each other and are issued with bartering stones, riddles and equipment. All members must participate, but only some members of each team need to complete certain obstacles (in order to cater for individual fears and fitness levels). Some activities are physical, and some mental, but all are challenging.

Bush Chefs

There is a “bit of chef” in all of us and what better way to build a team than with a Cook Off? Ideal for groups of 8 or more, participants are divided into teams that create mystery gourmet meals, with the supplied ingredients on outdoor gas equipment and open fires. Our judges and chefs offer advice and tips, and allow the occasional controlled visits to the bush pantry. Meals are judge, winners announced and the food is enjoyed by all.

Quad Biking

Our fully guided and safe trails will take you out of your comfort zone and on the ride of your life through the bush. Book for two to ten people per group or arrange for a larger group. Our quads are fully automatic and easy to ride even for the novice. Quad biking is ideal for a couple, family, group of friends or for corporates.

Archery

Archery is a fun and challenging individual or team building activity that anyone can master. Instructors are on hand to help and demonstrate the basics of handling and shooting. Once everyone is confident the participants are divided into teams. The session lasts for one or two hours. All targets, bows and butts are supplied.

Bush Warfare Paintball

This is all-out war and kitted in protective clothing teams are on a mission to capture the flag. Our open bush area allows for all teams to take a stand point and set ambushes and assaults to eliminate the other teams. Energy and cunning are required and this is a full contact game.

Fear Factor

If Fear is not a Factor and you think you have what it takes, then this is a MUST experience! Your team edges you on as you face some challenges that are guaranteed to be loads of fun. Hints of what's in store for you: blind fold water/mud walk, Mopani eating, guess the taste, conquer heights, take the pain, and dodge ball.
